

The second Macedonian road congress will be held at the “Double Tree by HILTON” hotel in Skopje.

We invite all domestic and foreign companies to support the organization of the Second Macedonian Road Congress 2022, which also will promote themselves to the Macedonian and international professional public in the field of roads.

At the same time, this Second Macedonian Congress for Roads 2022 should be a continuation of the first congress that was held in 2019 and will represent a large scientific-professional gathering of all authorities in the field of roads not only from Macedonia, but also from the region and Europe.

The current investment cycle in the road infrastructure, which is taking place in the Republic of Macedonia in the amount of over €1 billion, represents an opportunity for all companies to be represented in this market through promotion and advertising.

Choosing one of the sponsorship packages makes your company recognizable on the market and allows you to be closer to your customers.

Dear colleagues and fellow engineers,

It is a special honor and pleasure for us to invite you to participate in the **Second Macedonian Road Congress**, which will be held on **November 3-4, 2022 in Skopje, at the "Double Tree by HILTON" hotel.**

After the successful organization of the First Macedonian Congress on Roads in 2019, in which there were about 350 participants from 16 European countries, with more than 60 scientific papers, we expect this Second Macedonian Roads Congress to represent a successful continuation of a tradition in the organization of such top scientific-professional gatherings.

At the same time, this Second Macedonian Road Congress 2022 should be a large regional gathering of all authorities in the area of roads, not only from neighboring countries, but also from Europe.

The Second Macedonian Road Congress is organized in honor of the great jubilee, 55 years since the foundation of Road Association of the Republic of Macedonia.

The Second Macedonian Road Congress is organized by the Macedonian Association of Road Engineers (MARE), and in co-organization with the University "St. Cyril and Methodius" from Skopje (UKIM), the Faculty of Civil Engineering from Skopje (GF), the Public Enterprise for State Roads (PESR), the Public Enterprise for the Maintenance of State Roads of Macedonia "Makedonijapat", the Chamber of Certified Architects and Certified Engineers of Macedonia (KOAOL), the Engineering Institution of Macedonia (IIM) and the Republic Council for Road Traffic Safety (RSBSP).

In support of the Congress is the large investment cycle in the road infrastructure that is taking place in the Republic of Macedonia in the amount of over 1 billion euros, expressed through the construction of highways, several expressways and several regional roads.

From here it becomes clear that the construction of these roads, as well as their management and maintenance, and of course the existing road network, is an extremely complex engineering-economic task.

This extremely responsible task set before the current generation of road construction engineers requires quality planning, design and construction, based on the latest scientific and professional knowledge, the use of modern materials and technologies, as well as appropriate control and final - adequate management and solid maintenance.

SECOND MACEDONIAN ROAD CONGRESS 2022

1. TOPICS OF THE UPCOMING SECOND MACEDONIAN CONGRESS ON ROADS ARE:

- Planning and designing
- Management, construction, and maintenance
- Road traffic safety
- Protecting the environment and sustainable development
- Infrastructure facilities
- Transport policy and financing
- ITS and new technologies in traffic
- Free and related topics in the field of roads and presentation of new projects

There will be 10 invited lectures at the congress. These lecturers will present their latest research and scientific knowledge to the Macedonian engineers, which should find practical application in our practical and technical regulation.

2. DEADLINES FOR THE PREPARATION OF PAPERS

Submission of abstract	5. 9. 2022
Abstract acceptance	15. 9. 2022
Submission of full papers	30. 9. 2022
Confirmation of the papers	15. 10. 2022
Deadline for registration of the participants	31. 10. 2022
Date of the congress	(3 - 4). 11. 2022

The writing of papers it is **MANDATORY** to be according to the template posted on the official website. For additional information, contact: e-mail: congress@mare.org.mk

3. CONGRESS FEES

For the participants of the congress, a registration fee is provided, which is:

- For foreign participants:

Until 15. 7. 2022	190 €
Until 15. 9. 2022	210 €
After 15. 9. 2022	230 €

- For participants who are members of MARE and who have paid the membership fee, the following discount applies:

Until 15. 7. 2022	100 €
Until 15. 9. 2022	120 €
After 15. 9. 2022	130 €

The registration fee includes:

- Attendance at the Congress and all lectures
- Copy of the printed Collection of abstracts
- Copy of the USB Collection of Papers
- All additional congressional and promotional materials
- Welcome cocktail
- Refreshments during the breaks provided by the Congress Program
- Lunches provided by the Program of the Congress
- Formal dinner
- Copy of the scientific-professional magazine "Roads"
- Certificate of participation in the congress from KOAOL evaluated with points

HOTEL ACCOMMODATION IS NOT INCLUDED IN THE REGISTRATION FEE! (SEE IN HOTEL ACCOMMODATION)
