About the seminar

This special two-day seminar has been designed to provide a detailed insight into the presentation and analysis of claims under the FIDIC 1999 Contracts. The programme has been designed to be highly practical and includes active participation in 'hands-on' workshops and discussion sessions.

The seminar leaders are highly experienced in the use of the FIDIC Contracts.

The International Federation of Consulting Engineers (FIDIC) has, over the years, issued a number of standard documents for use on construction projects. The contracts which are currently in most common use around the world are: The Conditions of Contract for Construction (The 1999 Red Book); The Conditions of Contract for Plant and Design-Build (The 1999 Yellow Book); The Conditions of Contract for EPC Turnkey Projects (The 1999 Silver Book).

Seminar speakers

Edward Corbett is the Managing Director of Corbett & Co, International Construction Lawyers Ltd, a practice specialising in international construction law. His experience includes ICC arbitration, litigation and dispute adjudication as well as contract drafting and procurement strategy. He has worked for contractors as well as for employers, funders and consultants. He is the author of 'FIDIC 4th – A Practical Legal Guide'. He has lectured extensively on construction law and in particular on FIDIC's standard forms of contract.

He is co-chair of the International Construction Projects committee of the International Bar Association and is a member of the Working Group of FIDIC which drafted the Short Form of Contract and the Dredging Contract. Corbett & Co is an affiliate member of FIDIC.

David Richards is a claims and programming specialist, arbitrator, adjudicator and expert witness with his own practice. Trained as a quantity surveyor, he has spent time with Mouchel Parkman, Pickavance Consulting and Hill International.

Who should attend?

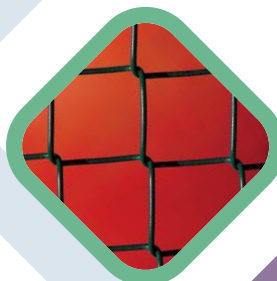

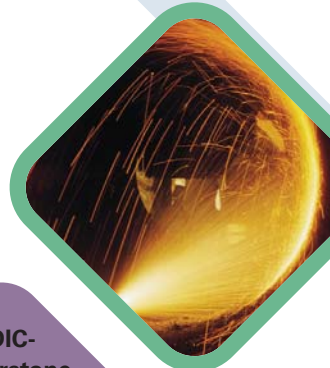

This seminar will be of great interest to all those actively involved in international projects, including representatives from Consulting Engineers, Contractors, Funding Agencies, Employers, Insurers, Manufacturing Organisations as well as representatives from the Legal and other Construction Professions.
